Subject: Highway Rehabilitation / PMRAP
State Project Number: 25115.10
Route 152

Dear Priscilla:

The Maine Department of Transportation is currently working on estimating a Highway Rehabilitation Project consisting of placement of Plant Mixed Recycled Asphalt Pavement, drainage and safety improvements on Route 152 in the Towns of Hartland and Palmyra. The subject project will be advertised for competitive bids in Month of March of 2023. Construction will occur during the Spring and Summer months; exact start and completion dates will be forwarded once a schedule from the Contractor has been reviewed and approved. After the new pavement is placed, no permit to open this segment of highway will be granted for a period of 3 years except as provided in Title 23, M.R.S.A. §3352.

The project is further described as follows:

Placement of PMRAP, beginning 0.22 of a mile north of Ford Hill Road and extending northerly 1.44 miles.

The purpose of this letter is to make the necessary notifications of the project to abutters, municipal officials and occupants of the highway under the provisions of 23 M.R.S.A. § 3351. We hereby request that you provide a copy of this notice to all municipal officials, employees and boards with responsibilities for utility and/or land-use planning/permitting, and that you post this letter on any municipal public bulletin boards, media outlets and/or municipal websites as public meeting will not be held regarding this project unless specifically requested by the municipality.

The Department would like to know if there are any events or known traffic generators that would impact this project. Should you have any questions, concerns or other areas of interest, we would appreciate your comments and input. Please feel free to contact me at (207)-941-4754 with any questions or concerns.

Sincerely,

Randall Barrows
Senior Project Manager
MaineDOT, Bureau of Project Development
Highway Program, Region 4
